

Admission Policy:

The Beehive Science & Technology Academy (BSTA) is an open-enrollment Charter School operating under a Charter awarded by the Utah State Charter School Board. The BSTA will be open to all students who are entitled to attend school. The BSTA will not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, religion, ancestry, or athletic performance. The BSTA will begin classes in the Fall of 2005 accepting only students for grades 7 and 8.

Application Procedure:

All parents wishing to enroll their students in the Beehive Science & Technology Academy must complete and return an Application for Enrollment. Applications must be received by 5 pm, Friday, May 20, 2005.

Application Form:

Click [here](#) to download fillable PDF Application Form. Please follow the instructions on the form. You can fill out the information required by the form by typing in the information while the form is displayed on your computer monitor (signatures are required to be *handwritten* on the form).

Note: To view, complete and/or print this fillable Application Form, you will need the freely available Acrobat Reader software installed on your computer. The Adobe Acrobat Reader can be downloaded at <http://www.adobe.com/products/acrobat/readstep.html>. Also note that **Acrobat Reader does not allow you to save your completed, or partially completed, forms to a disk or on your computer. Therefore, if you choose to fill your form on your computer by typing, please print the completed form before closing it (otherwise you will lose all typed information).**

Lottery:

In the event that more students apply than space allows, eligible students will be enrolled by a lottery system. The lottery will consist of the names of parents who wish to enroll their student(s) to the BSTA. In order to be included in the lottery, parents should submit the application prior to Friday, May 20, 2005. A detailed lottery procedure will be posted before the application deadline.

and completed the application form. For each grade, those names will be drawn from a “jar” until the number of spaces available in the class, are filled.

At any point of lottery in which a grade becomes full, names will continue to be recorded in the order they are placed under the waiting list for that grade. The students on the waiting list will be accepted as space becomes available. Students who decline to enroll when accepted will be deleted from the list and reapplication will be necessary for future consideration. Neither parents nor students will be required to be present the day of the lottery in order for a student to be selected in the lottery. However, it will be a public meeting and parents, students and friends are welcome to attend the lottery. BSTA will give admission preference to the siblings of students already enrolled in the school and also to the students of founding families.

The Westlake Academy is an open-enrollment Charter School operating under a Charter awarded to the Town of Westlake by the Texas State Board of Education, with oversight by the Texas Education Agency (TEA), Charter School Division. An open-enrollment Charter School may not deny admission to a student based on sex, national origin, ethnicity, religion, disability, academic ability, artistic ability, athletic ability, or based on the school district that the child would otherwise attend. The Westlake Academy will begin classes in the Fall of 2003 accepting only students in grades 1-6 who are of legal age to begin school in the State of Texas, having reached their 5th birthday by September 1, 2003.

Definitions:

Primary Geographic Boundary Student means a child of school age: (a) living with his/her parent or legal guardian who is a resident of Westlake, or (b) whose parent or grandparent is employed by, or is an officer of, the Town of Westlake or the Westlake Academy.

Secondary Boundary Students means any child of school age that does not meet the definition of Primary Geographic Boundary Student.

Application Deadline means May 1, 2003.

Lottery means a publicly posted and publicly conducted random drawing from names of Secondary Boundary Student applicants desiring admission to the Westlake Academy. The date and time of the 2003 lottery is 6:00 pm, May 12, 2003 at the Westlake Academy Board of Directors’ regular meeting to be held in the Education Center, Rooms #1 and #2, upstairs and across the hall from the Town of Westlake offices, 3 Village Circle, Suite 207, Solana, Westlake, Texas. All applicants in the lottery will be notified by mail.

Waiting List means a list of applicants desiring admission when space becomes available.

Late Application means an application received after the Application Deadline but before the beginning of school.

Application Procedures:

All parents wishing to enroll their students in the Westlake Academy must complete an Application for Enrollment. Applications are available at the Westlake Town Hall, 3 Village Circle, Suite 207, Westlake,

Texas, between the hours of 9 am and 5 pm, Monday through Friday. Applications should be picked up in person. Applications must be received by 5 pm, Thursday, May 1, 2003.

Admission Order:

All Primary Geographic Boundary Students will be admitted to the Academy provided the Town of Westlake has received a completed application.

The admission of Secondary Boundary Students is contingent upon available space. If, after May 1, 2003, there remain vacancies in any grade, Secondary Boundary Students will be admitted until all available vacancies are filled. If, however, Secondary Boundary Student applicants for any grade exceed the available vacancies within that grade, then the names of all Secondary Boundary Student applicants within that grade will be placed in a lottery for that particular grade to determine admission order. If two or more members of the same family apply for admission, then the family name will be placed in the lottery only once – not once for each applicant. (See **Siblings** below). Names drawn after available vacancies have been filled will be placed on a Secondary Boundary Student waiting list and will be enrolled as vacancies occur.

Example:

Say the third grade has 32 available openings. If the Primary Geographic Boundary Students occupy ten of those openings, then the Board will in its discretion reserve sufficient places to accommodate any Primary Geographic Boundary Students who may become eligible to attend the Academy after the Application Deadline. Say this number is two. There then would be twenty available spaces for Secondary Boundary Students. Suppose for these twenty spaces available in the third grade, there are 35 eligible Secondary Boundary Students. The names of all 35 applicants will then be placed in the lottery. The first twenty names drawn will be admitted and the remaining fifteen will be placed on the waiting list in the order their names were drawn.

Any Secondary Boundary Student application received after the Application Deadline will be placed at the end of the waiting list and will be admitted in the order that vacancies occur.

Siblings

It is the intent of the Westlake Academy that siblings desiring enrollment will be afforded that opportunity. Therefore, if one Secondary Boundary Student sibling is admitted to the school then the other siblings who have completed an application also will be admitted.

Year to Year Admission

It is the current policy of the Board that, once admitted to the school, an eligible student would automatically qualify for enrollment in subsequent years without being subject to lottery. If, however, a student leaves the school, then that student will be considered a new student for admission purposes and may be subject to lottery, depending upon vacancies.
